BUSINESS SOLUTION TECHNOLOGIES ANNOUNCES PROMOTIONS OF KIMO ZACHARIAH AND KEVIN COSTA

HONOLULU – Business Solution Technologies (BST), a Hawaii-based information technology (IT) consulting firm, announced today that **Kevin Costa** has been promoted to director, education solutions, and **Kimo Zachariah** has been promoted to director, program management office.

“We are pleased that BST’s continued growth enables our team members to take on expanded responsibilities,” said John Weldon, president of BST. “Kevin and Kimo have successfully served in key roles on numerous projects. These promotions allow both BST and our clients to capitalize on their expertise and experience.”

Costa recently led the implementation of a large Human Resources Management System in the education sector. He will continue to expand BST’s role within Hawaii’s early, K-12 and higher education markets. Zachariah played an integral role as project manager for one of BST’s large-scale information technology projects. He will focus on managing BST’s project resources across its HR, education and healthcare markets.

Business Solution Technologies (BST) is a Hawaii-based corporation that provides consulting and information technology services focused in the areas of human resources, education and healthcare. BST was founded in 1996 by John Weldon and is celebrating its 20th anniversary this year. For information on BST, visit www.bstusa.com.
